Online Vaping Class

100% Online

For Court, School or Personal Requirements

Blue Mountain Education presents the nation's first online vaping awareness class. This class is ideal for court or school diversionary requirements. The class is targeted at teenagers, but it can be taken by anybody who wants to learn more about our vaping epidemic.

Vaping Class Topics Include:

- Is nicotine a drug?
- History of vaping and nicotine
- Vaping statistics
- The popular JUUL and other vaping devices
- Nicotine's effects on the brain and body
- Negative health effects of vaping
- How vaping and tobacco companies have targeted young people
- The "epidemic" of underage vaping
- Tips for how to quit vaping and nicotine use

Easy to Take

This self-paced class can be taken on any internet-connected device including a PC, Mac, smartphone or tablet. Register online and start immediately.

Monitor your Students

Courts and Schools can login and view the progress of students taking this class. They can also assign students to the class as needed.

Free Certificate

After completing the class, we ship the student a completion certificate free of charge. A downloadable copy is also available.
